

DVD Video Planner

It's time to make your dvd video college!

With a little bit of thought and preparation, you'll help us create a wonderful keepsake that you'll cherish for years to come. Your photographs and images should tell a story about who you are, where you came from and how the two of you came together. We recommend that your college be split into 3 sections consisting of no more than 50 images per section. A good rule of thumb...Entertaining photos make for an entertaining college. For best results, take some time to find the right photos. This is the backbone of your college making it the most important step.

Please assemble your photos into an order (chronoloical or thematically works best) and number your photos accordingly (Label the back, sticky notes, etc). We can enhance and color-correct old or damaged photos. Digital photos on CD would be much appreciated. Also, we can incorporate video into your college (Please call for additional details and pricing).

The final touch will be the music that you help select for each chapter of your college. Try to think of a favorite song or one that would tie your photos together. The same rule of thumb applies with music, an entertaining song...an entertaining college. If you need help selecting songs, refer to our extended list of songs posted on the web @: www.minnesotadj.com. You may also let PM use their professional opinion, if so, please make note of it in the special comments area.

Section 1

- Bride
- Groom
- Together
- Friends
- Family
- Other

(May choose more than one)

Number of photo's

Song Choice:

Special Comments: _____

Full Names & Date of Birth:

Section 2
